

20th INDO-US FLOW CYTOMETRY SYMPOSIUM CUM WORKSHOP

on

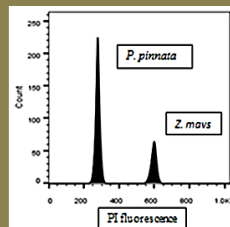

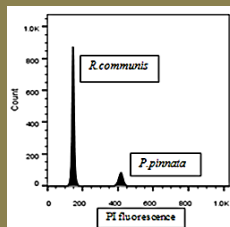

"Applications of Flow Cytometry in Biotechnology"

13th to 16th March, 2019

Indian Institute of Technology Guwahati, Assam, INDIA

INVITED SPEAKERS

1. Prof. Awtar Krishan, USA
2. Prof. Paul Wallace, USA
3. Dr. Zosia Maciorowski, France
4. Dr. William G. Telford, USA
5. Dr. Vivek Tanavde, India
6. Dr. H. Krishnamurthy, India
7. Dr. Paresh Jain, Singapore
8. Dr. Rekha Gour, India
9. Dr. Hemant Agrawal, India
10. Dr. Supriyo Basak, China

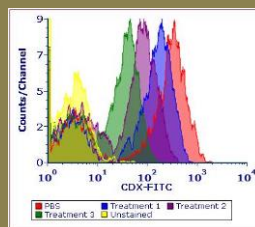

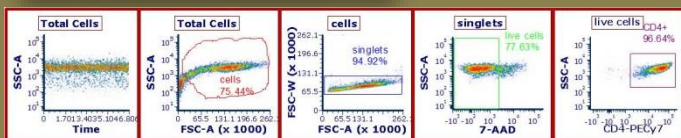

LECTURES AND WET LAB ON

1. Basics of Flow Cytometry
2. Build Your Own Cytometer
3. Cell Cycle, Proliferation, Apoptosis
4. Polychromatic Flow Cytometry
5. Stem Cell Analysis
6. Quality Control in Flow Cytometry
7. Plant DNA Analysis
8. Data Analysis and Presentation
9. Quiz

ELIGIBILITY

Interested Graduate students, post-docs and other researchers from academia and industry. Accepted abstract will be judged for oral presentation and poster awards.

REGISTRATION

- Online registration can be done through www.iitg.ac.in/biotech/indo_us_flow_cytometry_2019/index.php or else offline registration can be done by downloading the registration form and sending it to cyto2019@gmail.com with abstract on or before 15th Dec, 2018.
- Selected candidates will be informed by 31st Dec, 2018.
- Selected candidates will pay registration fee (both online and offline registration) before 15th Jan, 2019.
- Fees details: Rs. 10,000 (symposium and workshop: 13th-16th March), Rs. 3,000 (symposium only: 13th-14th March), Rs. 8000 (workshop only: 15th-16th March).
- Registration fee includes tuition, lab reagents for demo experiments, study material and lunch.

SUPPORT

International Society for Advancement of Cytometry (ISAC)
Department of Biosciences and Bioengineering, IIT Guwahati
